A
VENICE to MAINSAIL
n = 181; MAE = 1.76; rho = 0.23
Predicted target time (cycles)
Observed target time (cycles)
B
Does transfer improve on source timing?
Fraction of held-out patients
Absolute prediction error (cycles)
Transferred Ridge
Source-trial median
C
MAINSAIL to VENICE
n = 263; MAE = 1.94; rho = 0.18
Predicted target time (cycles)
Observed target time (cycles)
D
Does transfer improve on source timing?
Fraction of held-out patients
Absolute prediction error (cycles)
Transferred Ridge
Source-trial median
